Function & Design

AIR MESH

- Ultra-lightweight, breathable air mesh material for maximum comfort
- About 20% lighter than the already extra-light previous model (from 33 grams)
- With cooling effect: the harness cools when immersed in water, as the stored water between the fabrics works as a heat exchanger - ideal on warm summer days

curli CLASP

- Comfortable, stress-free leashing according to a CLICK.SNAP.GO idea
- High-strength, ultra-lightweight, color-matched POM material that easily withstands tensile loads of up to 220.46 lb

3-D COMFORT FIT

- Significantly improved ergonomics and optimized fit due to new 3-D Comfort Fit pattern and new size scale
- Perfected tension distribution thanks to bands sewn into the seams of the harness
- Zig-zag seams for flexible tension distribution
- Size adjustable with Velcro to fit the body shape
- Lined buckle and therefore no pressure points

curli SAFETY

- Reflective elements on the neck for additional safety in the dark
- DogFinder ID to help you find your dog in case it gets lost
